

2021

Partners for Success

Greetings and a very sincere thank you to all of you who have contributed to the CLCA SFBA Chapter. 2020 was unique year for the Chapter, primarily due to the Covid-19. Our events were limited. We look forward to our Generous Partners & Chapter Members getting together this Year

This year we will be continuing with the improvements made to the Partners Program. We have made it easier to understand the Partners Menu and are seeking to increase event participation. Now, almost every level of our Partners Program includes the cost to attend ALL 6 General Membership Dinner Meetings throughout the year. We will also be continuing with our FLEX POINTS program, used to select Additional events in which you wish to participate through 2021. The main advantage of FLEX POINTS: You only have to write one check for the entire year. One check, one invoice and maximum opportunity to participate.

- FLEX POINTS mean flexible. Register, pay and decide today how you will use your FLEX POINTS. Or, register and pay now then decide later.
- Registration and payment for our Partners Program MUST be received by **Friday, January the 31th, 2021.**

In addition to FLEX POINTS we offer an exciting new benefit for the Diamond Partner Sponsor is the opportunity to sponsor a dinner meeting and present to the attendees updates on your products and services as well as setting up an information table with literature and products. This opportunity allows the dinner meeting sponsor to have their name, face, products and giveaways as the ONLY highlighted sponsor of the evening. In order to allow for the scheduling of events, we must receive your registration and Payment by **Friday, January the 31th, 2021.**

Please keep in mind that the level of participation in which you choose to invest will enhance your enjoyment and the benefit you receive from actively supporting the SFBA Chapter. So participate, learn and share your ideas.

Sincerely,
Marin
